“Date Squares By the Westside Cafe” officially launched for retail sales

Belleville, Ontario – The Westside Cafe is pleased to announce the retail launch of their famous homemade “Date Squares”, now officially for sale in retail outlets throughout Ontario. The Westside Cafe is a popular, trendy restaurant in the Belleville/Quinte region offering many dining and dessert experiences since 1998. Westside Cafe offers breakfast, lunch, dinner, daily specials, homemade soups and desserts. All desserts are homemade and baked right at the restaurant, and all meals are prepared fresh to serve with a wide variety of selections.

“This is an excellent opportunity for the Westside Cafe to distribute our homemade desserts for the rest of the province to hopefully enjoy,” says Len Kirk, Owner of the Westside Cafe. “Currently most of our customers are from the Quinte region, but with wider distribution, hopefully this will allow us to reach more customers that can’t make it into the restaurant.”

Westside Cafe’s customers think it’s long overdue for something like this. “I’ve been coming into the Westside Café for years and the dessert choices from date squares, butter tarts, homemade pies, macaroons, and so many other delicious items are overwhelming,” states longtime customer Barbara Salisbury.

Date Square sales will start in Kingston variety stores, branching out throughout the rest of Ontario within the next year.

The Westside Cafe web site, www.thewestsidecafe.com, provides information about the restaurant, an online menu, pictures of homemade desserts and more. You can also contact the restaurant at info@thewestsidecafe.com or by phone (613) 966-0365.
